- 1. Confidential Communications.** You have the right to request that our practice communicate with you about health and related issues in a particular manner or at a certain location. For instance, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to the Privacy Manager specifying the requested method of contact, or the location where you wish to be contacted. Our practice will accommodate reasonable requests with consideration to your child's confidentiality. You do not need to give a reason for your request.

In order to request a restriction in our use or disclosure of IHI, you must make your request in writing to the Privacy Manager. Your request must describe in a clear and concise fashion: (a) the information you wish restricted; (b) whether you are requesting to limit our practice's use, disclosure or both; and (c) to whom you want the limits to apply; and (d) what period of time the restrictions are to apply.
